

## Kennel Questionnaire and Policies

### Required Vaccinations

As your pet's home away from home, we feel responsible to do all we can to protect your pet, as well as our other guests, against any infectious and parasitic diseases. Despite regular clean ups in the runs and exercise yards, microscopic parasite eggs can persist, and be spread among our guests. Certain airborne diseases can spread thru an entire kennel of unprotected pets.

The best way for us to protect all of our guests is to be certain that proper vaccinations have been completed and are up to date. Our requirements include...

#### **For Dogs:**

Bordetella or Kennel Cough, annually

Distemper/Parvo, every three years (after initial series and one year booster)

Rabies, every three years (after initial one year booster)

#### **For Cats:**

Distemper, every three years (after initial series and one year booster)

Rabies, every three years (after initial one year booster)

Leukemia

**Paperwork is required at the time of check in and NO exceptions will be made.**

### Medical Information

Is your pet on any medications: \_\_\_\_\_ Condition Treated: \_\_\_\_\_

Notification and dosage instructions are needed if medication needs to be administered during your pets stay. Medications must be in the original Pharmacy container with the original label on it.

If your pet suffers from anxiety, stress while boarding or has a fear of storms, an amino acid supplement is available from your Veterinarian. Supplements are made from L-Tryptophan (the same amino acid found in turkey that makes humans feel satisfied and calm).

Name of your Veterinarian: \_\_\_\_\_ Phone Number: \_\_\_\_\_

Would you like for your veterinarian to be contacted in case of medical needs? \_\_\_\_\_

In the event that my Veterinarian can not be reached, permission is hereby granted to contact another local Veterinarian and transfer, if necessary, my pet(s) to receive medical care. All expenses associated with transfer and care are solely my responsibility.
